

A panel discussion was held by Marcia Oglan, VP, HR Client Engagement; Tejinder Daruwalla, Director, Product and Tech Solutions; Piper Kotwica, Director, Product and Tech Solutions; Jill Weber, VP, Product Development and Management; and Titina Ott-Adams, SVP, Customer Operations.

MARCH 2018

## **Women in Technology Pay It Forward**

HM Health Solutions' first Women in Technology event was held in March. Hosted by HMHS Women's Leadership, the event featured the talk "Lessons I Never Learned in School" from Titina Ott-Adams, senior vice president of Customer Operations, and an HMHS Women's Leadership panel discussion on "Paying It Forward."

Ott-Adams' shared the importance of having a network, integrity, and the courage to ask: "No one truly gets where they are on their own. It's important that we all help one another. As women, we have the obligation to pull one another up, because when one of us succeeds, we all succeed."

Panel member Judy Rabedeau, director of Platform Release Management, emphasized this point: "The advice I'd like to pass on to other women is this: Don't apologize for having an opinion. Don't apologize for your presence. And don't apologize for being strong."
